

UPDATE

# Image On Map

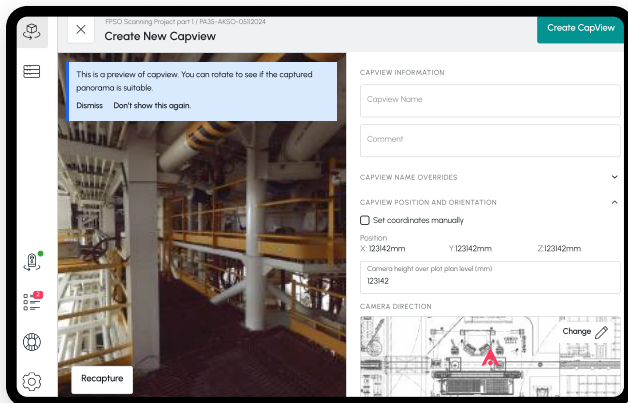

We're thrilled to introduce a major update to our mobile application, bringing you a new user-friendly interface. Our app is now available on both Android and iOS platforms, making it more accessible than ever before.

## The solution

Our ImageOnMap panorama KIT includes tablet with mobile app paired with high-resolution spherical camera. Take your photos and upload them into Ayelix's digital platform while still being on-site.

## New interface

Intuitive navigation

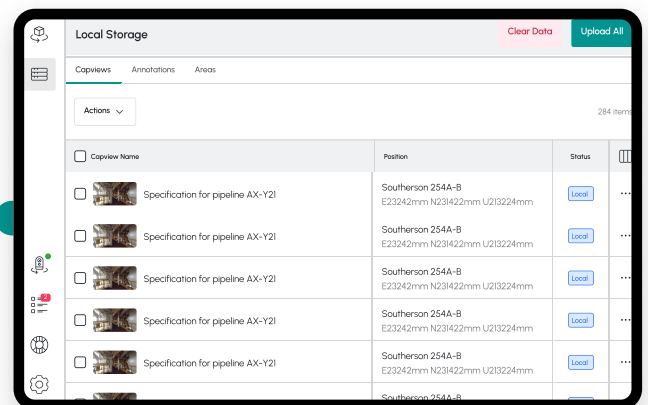

Quick panorama upload

Available panorama preview with coordinates

Panorama capture management

List of panoramas taken

Session synchronization management

Now both for Android and iOS

Until now, our application was exclusively accessible on a dedicated tablet. However, we're excited to announce that now ImageOnMap application can be downloaded and used both on Android and iOS devices.
